

# HOW MANY MORE COPS WILL DIE...

## ...BEFORE CONGRESS TAKES ACTION?

We hope the answer is none.

Sadly, thousands of our nation's trained law enforcement officers, both active and retired, are being denied the right of self-protection when they need it most.

That's why the Law Enforcement Alliance of America (LEAA) co-authored **H.R. 218**, the **Law Enforcement Officer's Safety Act**, and why we are fighting so hard to get it passed in this session of Congress.

**H.R. 218** would allow qualified off-duty and retired law enforcement officers to carry concealed firearms nationwide. LEAA believes that your life, and the lives of your loved ones, are worth protecting any time, anywhere-- **whether you are on the clock or not!**

Politicians have long ignored the public safety benefits realized when trained, trustworthy Americans are equipped to effectively respond in our communities day or night. With the growing threat of terrorism on American soil, H.R. 218 would enable as many as 1.5 million trained law enforcement professionals to serve as the front line of our homeland security-- **at no cost to the taxpayer!**

The Law Enforcement Alliance of America is dedicated to the passage of **H.R. 218** and its Senate companion, **S. 253**.

**Please join our effort before one more officer falls.**
